Capital Planning & Investment Control

The Lever Group LLC

CPIC Cycle

- The CPIC cycle is your Agency's best tool for ensuring quality program management
 - The cycle provides constant feedback about program performance
 - Provides a solid framework for program development and maintenance
- The OMB reporting requirements are designed complement the CPIC phases
 - Requirements for developing a business case, using EVM/OA, managing risk, and setting performance goals are all keys to capital planning

The Lever Group Process

- The Lever Group has extensive experience in every phase of the CPIC cycle
 - Our familiarity with OMB Circular A-11 and project management directives enables us to provide the highest quality services to our clients
 - The Lever Group works to integrate OMB requirements, security, and Enterprise Architecture at all phases of the cycle
- We have worked with all our clients across the initial select phase
 - The Lever Group has experience in developing OMB 300's, 53's, and quarterly control reviews
 - Additionally, we work to develop comprehensive project management plans that provide the backbone for all other CPIC phases
 - The Lever Group also works to begin developing risk management controls and EA integration
 - We can provide full assistance in both quarterly and annual OMB review cycles

The Lever Group Process Cont'd

- During the Control phase, The Lever Group helps monitor your programs performance
 - We have experience conducting regular EVM analysis and project tracking
 - Additionally, the Lever Group has developed detailed WBS to assist in performance evaluations
 - Our experience with risk management planning allows to help project managers avoid risks before they arise
- The Lever Group provides forward thinking analyses during the control phase
 - We work with stakeholders and managers to conduct “lessons learned” and Post Implementation Reviews (PIRs) to help improve the agency's CPIC cycle
 - Conduct Operations Analysis (OA) to ensure the investment continues to meet its performance goals

The Lever Group Advantage

- The Lever Group has experience across the government providing CPIC solutions and improvements
- We work to integrate OMB reporting, security, and Enterprise Architecture into the CPIC process
- The bottom line: The Lever Group works with your agency to help improve its CPIC processes
